**Presenting the latest** in authentic Korean hairstyles and perms, pamper yourself with exquisite hairstyles brought to you by Spa Scene's crew of expert stylists from Korea. Each brings his or her own signature style to the table for you to choose from.

## Edward's Volume Magic Rebonding

Tired of flat and limp rebonded hair? Spa Scene presents the Korean solution that guarantees a chic yet natural look. Brought to you by director hairstylist Edward Kim, experience Singapore's best revelation through volume magic rebonding. This treatment pays attention to maximising root volume, thus giving your hair a lively feel and making it easier to style. Edward highly recommends this for women on the go – for gorgeous straight hair 24/7.

## Helly's Setting Perm

If you are craving for that glamorous celeb perm, Helly Lee's setting perm will have you attracting admirers at the party. The Korean setting perm adds weight and volume, unlike normal perms which can make your hair look tight and stiff. Spa Scene's perm also comes with an intensive four-step damage control treatment to ensure hair is easy to manage.

## Vicky's & Helly's Season's Make-up & Styling

Look gorgeous this season with Vicky's gentle and elaborate styling to match your look.
